EXPERIENCE

ACADEMLO
FRONT-END DEVELOPER   NOW

- I **build** and **test websites** and apps in **browsers** with **modern**, **efficient** and **maintainable code** to ensure **compatibility**, as well as translate **UX/UI designs into code**.
- I **collaborate** with teams of developers and designers using **agile methodologies** for **planning** new **projects** and sharing tasks.
- **I keep up** with the **latest trends** and **advancements** in **web technology** to improve my efficiency and deliver **high-quality results.**

PROJECTS

MAIN WEB ACADEMLO
NEXT JS | TYPESCRIPT | CSS3 | TAILWIND | FRAMER MOTION | GIT

- I mainly contributed to **translating UX/UI designs** into **efficient**, **scalable** and **maintainable code**, ensuring **accessibility** and **compatibility** with **browsers**.
- Use **agile methodologies** (SCRUM) and **version control** tools like **Git**, as well as **cloud service** providers like **GitHub**, **GitLab**, and **Bitbucket** for effective collaboration and proper code backup

BY WHEN?
NEXT JS | TYPESCRIPT | CSS3 | TAILWIND | GIT | SWR

- Use **Next js** for **Server Side Rendering** (SSR), significantly improving **SEO performance** and **web load time**
- Implement **SWR** for **HTTP requests** (CRUD) in an efficient, scalable, simplified way and keeping the **data updated** in **real time**, allowed to **optimize** the **communication** between the **client** and the **server**.

EDUCATION

ACADEMLO	2023
FULL-STACK WEB DEVELOPMENT	
ACADEMLO	2022
BACK-END DEVELOPMENT WITH NODE.JS	
ACADEMLO	2022
FROND-END DEVELOPMENT WITH REACT	
ACADEMLO	2022
FOUNDATIONS IN HTML, CSS AND JAVASCRIPT	
NATIONAL TECHNICAL UNIVERSITY	2022
